Siargao Island is reputed as the Surfing Capital of the Philippines. It hosts international surfing events yearly. Its waves combine the best quality features of the top-rated waves of Hawaii's fabled "pipeline" and the top-billed waves of Indonesia. Its huge, powerful rollers have been ranked among the top five breaks in the world, including the "Cloud Nine" which is considered one of the world's top surfing waves.

The province's seawaters, covering 12,540 square miles, are abundant with different species of fish. Game fishing and spear-fishing enthusiasts will enjoy the bountiful seas along the tuna route. Over 23 different species are caught the whole year round. Marlin, tuna, lapu-lapu, molluscs, crabs, even squids, stingrays, and octopuses can be bought fresh and cheap from the fish vendors and fisherfolk.
